WAYNE W. SELL OPENS NEW EMPLOYEE ROOM

New Employee Room offers brand new bathroom and kitchen area

PITTSBURGH, PA – June 17, 2013 – Wayne W. Sell Corporation (Wayne Sell), a leader in the transportation of flat, van and bulk commodities across the Midwest and North East, today announced the opening of its new employee room. The renovations are complete and the new employee room was open to employees on June 17th, 2013! The new employee room features a brand new kitchen, eating area, bathroom, and shower. The employee room also includes a desk area where employees can connect to the internet by Ethernet cable or by utilizing the free WiFi. Employees now have a comfortable place to shower, watch television, complete paperwork, surf the web, prepare food, and enjoy a meal.

“We’re pleased to announce the opening of the new Employee Room,” said John Sell, president of Wayne Sell. “Our goal was to satisfy the needs of all of our team members, and we hope they use and enjoy all of the features of the new room.” Our drivers spend a lot of time on the road; and we wanted to have a place here in the yard that would provide some of the comforts and conveniences of home. The new employee room also serves as a lunch/break room for all of our employees.

As we continue to grow, we strive to update all of our facilities to meet the needs of our business and our team. The renovation of the employee room is just one of those updates. We believe that this update has helped to improve our overall work environment, and we hope that our employees enjoy the new room and get a lot of use out of it.
